PASTORAL CARE

In Killyman Primary School we are concerned with the complete development of each child- intellectually, morally, spiritually, culturally and physically.

Pastoral care involves all pupils and adults with our school and it is our aim to provide a caring warm environment so that each person involved in school life feels safe and secure.

The pastoral care of our pupils means responding to their needs at a period of their young lives when they developing physically, emotionally and acquiring a wide range of knowledge and skills.
